Net Cost View

Term: Winter 2023/2024

Current Installment Balance	\$3,147.63
Anticipated Aid	\$0.00
OSAP Funding to Come	\$2,404.00
Amount Due	\$743.63

What is this? The portion of your owing tuition that is covered by OSAP "OSAP Funding to Come" is automatically deferred. The Net Cost View tells you how much of your tuition installment is not paid by OSAP or Western funding. The Amount Due is the amount you must pay by your installment due date*.

- If **OSAP Funding to Come equals \$0**, Western has received all of the OSAP going toward your current installment. You are responsible for any outstanding **Amount Due**.
- If your OSAP payment is greater than the amount owing to Western, any leftover OSAP funding will be sent directly to your bank account.
- OSAP information relating to the installment amount shown is based on current information. If there is a change to registration or OSAP entitlement, these amounts may change.
- Students who have questions regarding this OSAP information should visit the [OSAP website](#).
- Students who have questions regarding tuition installments or anticipated aid can contact the Student Central Virtual Helpline at: <http://registrar.uwo.ca/virtualhelp>

If the Amount Due is greater than \$0 you **must** pay that amount out of pocket and have the payment show on your Statement of Account by the due date to avoid late penalties. Late penalties will be assessed monthly at a rate of 1.5% of the overdue balance.

NOTE: if your 2nd installment of OSAP is greater than the amount you see OSAP sending to Western, the difference will be sent to you via direct deposit with the account you setup on your MSFAA.

This Net Cost View is your 2nd installment of OSAP/Tuition & Residence. OSAP will send the amount you see next to 'OSAP Funding to Come' directly to Western in early January.

If you are an Out of Province (OOP) student who did not received an OOP loan last year, you need to submit a [Virtual Helpline – Out of Province \(OOP\) loans](#) **before your due date** to ensure your tuition is deferred.

How to find your due date:

In your statement of account scroll down the page half way. You will see your Balance Owing for the year and then your automatic payment plan of 1st Installment and the Due Date with the 2nd Installment and Due Date below that.

Date Charges Last Updated		Refunds	0.00
2023/11/09		Prior Balance	0.00
If any changes have been made to your course enrollment or registration status after this date, they will not be reflected in the charges above		Balance Owing	3147.63
		Prior Balance Due Immediately	0.00
		1st Installment	0.00
		Due Date	2023/08/15
Total Anticipated Aid	0.00	2nd Installment	3147.63
		Due Date	2023/12/01
