

WESTERN UNIVERSITY

International Student Bursary

The purpose of the **International Student Bursary** is to enable **Undergraduate** international students in financial need to continue or complete their program of study at Western University.

For Summer 2021, the **International Student Bursary** is being extended to consider additional financial need of **Graduate** International Students who may have incurred expenses related to quarantine requirements or are in an emergency situation. Graduate students should contact SGPS or their department for funding options beyond these exceptions.

The following are the criteria to be met by the applicant:

1. The student must be registered as a full-time, **undergraduate** student at Western University in a degree program. (In special cases, a part-time registration may be considered). Graduate students who have incurred quarantine costs or are in an emergency situation for Summer 2021 may also apply for funding using this application and are required to submit full documentation to show financial need.
 2. The student must be registered on Main Campus (i.e., students registered at an Affiliate College are not eligible to participate in this program).
 3. The student's current financial difficulties must be a result of **unforeseen or emergency** situation(s) over which the student had no explicit control. The situation must not be due to lack of planning.
 4. The student must be able to submit satisfactory **documentation** showing evidence of his/her circumstance and demonstrate financial need through a modest standard of living. Graduate students who are applying for additional expenses relating to the quarantine period must still represent their financial situation for the full academic year.
 5. The student must hold a valid Study Permit or Temporary Resident Permit (Minister's Permit) before funding will be released.
 6. Student must submit the required documentation indicated on the signature sheet to be considered for bursary assistance.
